ABOUT

Transitioning into the passionate life of a web developer. Desires to use programming skills, along with talents in writing and research, to bring long-term, uplifting transformation to businesses and entrepreneurs. Currently seeking full-time opportunities to grow and flourish as a developer.

FEATURED PROJECT

WRITEIT
August 2017

- Repo: https://github.com/csevere/writeIt-react-express
- WriteIT is a productivity tool for writers, offering a variety of ways to organize, structure, and plan manuscripts. It also incorporates a social networking feature that allows writers to share their work and receive or give feedback; aka, facebook for writers.
